Seesaw Game

This seasaw game is to test the balance of engagement between international creative graduates and the UK creative industries
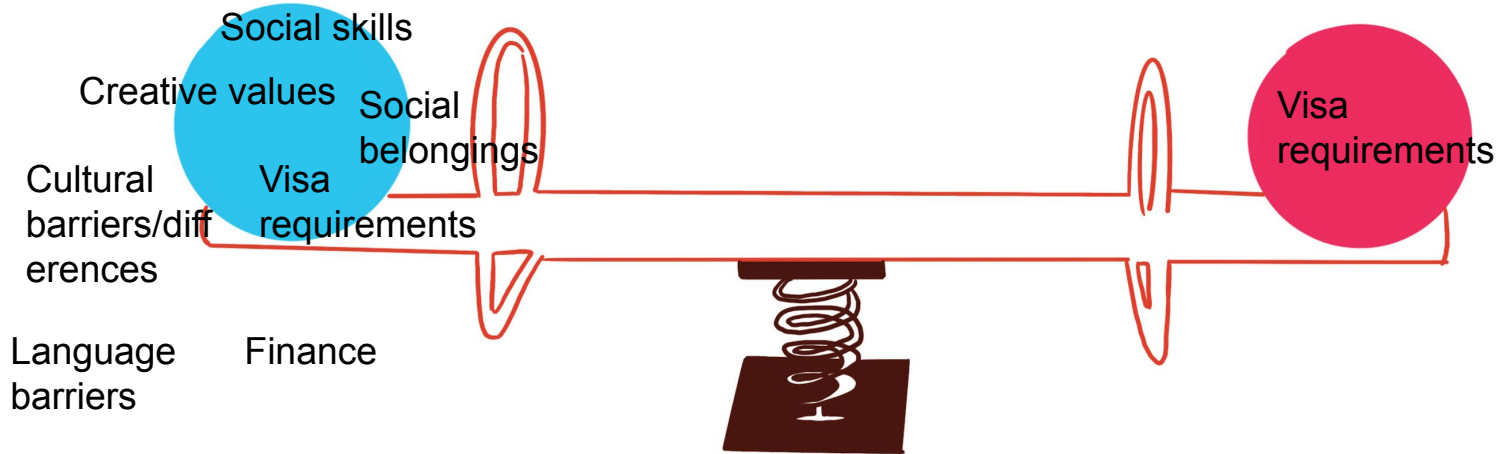

You are invited to play with the seesaw game!

Mission: please pull out the keywords from the grey block area and place them to the left and right circle you think they should take those keywords as their responsibilities to make the seasaw balance.
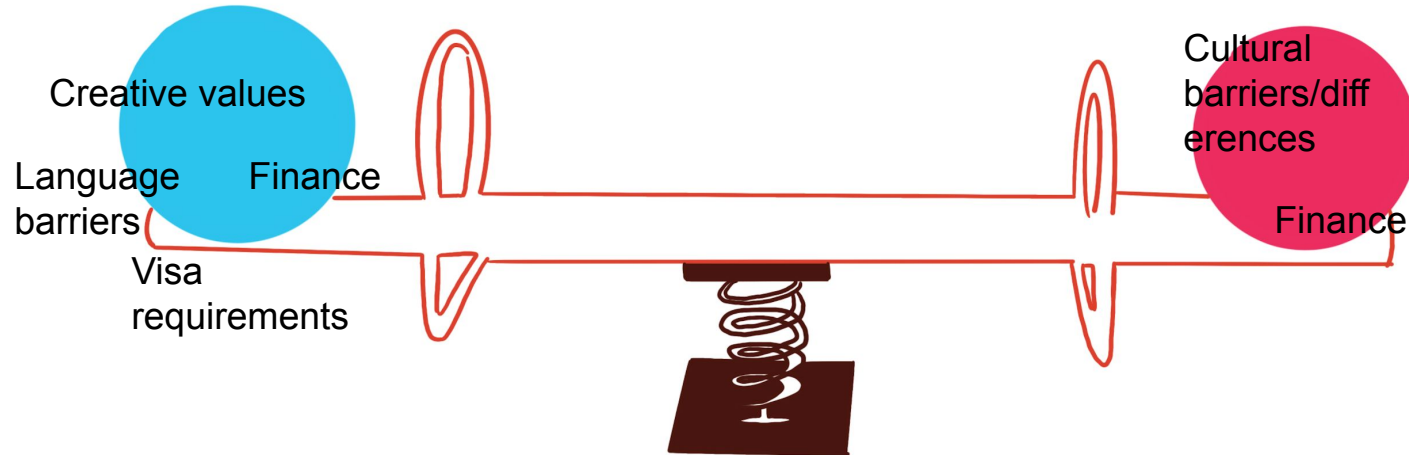

Thank you and have fun!

Tips: You can add any keywords you want to place on the circles, just type with the text
